

Black Button Distillery specializes in farm to still products where all of the grain is shipped from a local farm just south of the distillery. Unlike some other “craft distilleries,” Black Button distills, ages, bottles, and labels all of its products by hand in Rochester, New York.

Black Button produces 5 different spirits -

- Citrus Forward Gin
- Corn Whiskey, commonly referred to as Moonshine in the United States
- Wheat Vodka
- Little Barrel Bourbon
- Bespoke Bourbon Cream

Black Button Citrus Forward Gin

Gin and juniper go hand in hand like peanut butter and jelly in the USA, but who wants to be hit in the face with the juniper smell of a pine tree? Black Button Gin has subtle hints of juniper with an orange zest overtone that brings a fresh new twist to this old classic. Whether it’s in a Tom Collins, Gin & Tonic, or Gimlet, Black Button Gin will have you pondering just what else Gin can do. It’s a Gin that both experienced Gin drinkers and newcomers can enjoy.

Black Button Moonshine

This barely-legal specialty is the smoothest sippin’ Unaged Corn Whiskey around. Traditionally, especially during the years of prohibition in the USA, but also still done in some areas of the Country, this product was made under the light of the moon to escape the Feds. The Black Button Corn Whiskey comes from an old family recipe. It’s as smooth and easy drinkin’ as any backwoods White Dog White Lightning to come down from the mountains in a Mason Jar. Considered a premium sipping whiskey, this blend tastes just like an ear of corn-on-the-cob fresh from the field. It’s great served neat, on the rocks, or as a substitute for vodka in any of your favorite drinks. At 100 proof, it’s sure to liven up your evening.

Black Button Wheat Vodka

Black Button Wheat Vodka is a surprisingly smooth foundation you can build your drink and your evening on. Black Button Wheat-based Vodka is made from soft white wheat grown for us on a family farm situated on the western slopes of Conesus Lake. It is this local grain that gives us the smooth taste, body, and feel that every distiller desires for their Vodka, and we are proud to have such desirable grain growing right here in the rich soil of the Finger Lakes Region of New York State.

Little Barrel Bourbon

Drink Bourbon with a purpose. Black Button Bourbon is the Distiller's signature product – the one we have all been waiting for. Two years in a 30-gallon charred American white oak barrel takes an already fine four-grain bourbon and gives it deep, rich, complex flavors. Good whiskey is “grown” and Black Button starts with only the best local grains from family farms right here in Western, NY. With a little sun, some yeast, and a tincture of time, they are able to handcraft this spirit so that the result is as it should be: exceedingly flavorful.

Bespoke Bourbon Cream

Recently launched Bespoke Bourbon Cream has already won a silver medal for Black Button Distilling at the Spirits of the Americas Competition, beating national brand Buffalo Trace in the cream liqueur category, marking a huge win for a Rochester brand.

CITRUS FORWARD GIN

Gin and juniper go hand in hand like peanut butter and jelly, but who wants to be smacked in the face with a Christmas tree? Black Button Gin has subtle hints of juniper with an orange zest overtone that brings a fresh new twist to this old classic. Whether it's in a Tom Collins, a Gin & Tonic, or Gimlet, Black Button Gin will have you pondering just what else Gin can do. It's a Gin that both experienced Gin drinkers and newcomers can enjoy.

750ml, 375ml
& 50ml Bottles**

Black Button Moonshine Margarita

- 2 parts Black Button Moonshine
- 1 part Triple Sec
- 1 part Fresh Lime
- 1 part Simple Syrup

Visit www.BlackButtonDistilling.com for more drink recipes.

"It's smooth, especially for a 100 proof spirit, and I can see it making for a nice cocktail or a cool drink with ice, lemon and some bitters."

WHISKEYREVIEWER.COM

"Even though it's a high proof it's really smooth. The strongest flavor is corn making you think you are literally drinking sweet corn straight. This is great for adding flavor as a substitute to vodka and other clear spirits."

JOSHUA HART, KDGE DALLAS

WHEAT VODKA

Black Button Wheat Vodka is a surprisingly smooth foundation you can build your drink and your evening on. Black Button Wheat-based Vodka is made from soft white wheat grown for us on a family farm situated on the western slopes of Conesus Lake. It is this local grain that gives us the smooth taste, body, and feel that every distiller desires for their Vodka, and we are proud to have such desirable grain growing right here in the rich soil of the Finger Lakes Region.

Orange Peel Twist

**Black Button
The 85
Railroad**

1 oz. Black Button Vodka
4 oz. Cream Soda
1/4 oz. Fee Brothers Sarsaparilla Syrup

LITTLE BARREL BOURBON

Our Little Barrel Bourbon is quite the happy accident. When starting the distillery we procured a number of 5 gallon test barrels which we put our 4 grain bourbon recipe into. These five gallon speed barrels needed only four months to reach full maturity. When they were ready the best

barrels were picked and blended together to create our Little Barrel Bourbon. A few bottles remain in our tasting room and on liquor store shelves around town. Don't miss this chance to have a bottle of the first bourbon made in Rochester since Prohibition.

Our larger barrels of bourbon are due to be released in mid/late 2015. Drink Bourbon with a purpose. Black Button Bourbon is our signature product – the one we have all been waiting for.

Two years in a 30-gallon charred American white oak barrel takes an already fine four-grain bourbon and gives it deep, rich, complex flavors. Good whiskey is “grown” and we start with only the best local grains from family farms right here in Western, NY. With a little sun, some yeast, and a tincture of time, we're able to handcraft our spirit so that the result is as it should be: exceedingly flavorful. Our Bourbon goes out the door in single-barrel bottles and blends of the highest quality.

Bespoke Bourbon Cream

A warm welcome to the newest member of the Black Button product line, Bespoke Bourbon Cream.

The only farm fresh, New York State bourbon cream around, Bourbon Cream is similar in concept to an Irish Cream. The bolder vanilla and caramel flavors make this a unique spirit that can be used on its own, in a cup of coffee or in a cocktail. We recommend trying it in a root beer float! This spirit is great for the fall, winter and all year round!
