Help us define SEKSI

We are on a quest to Define SEKSI in the public eye. SEKSI is changing the narrative. We are asking our public to take a picture or Selfie of themselves, their friends or family with a can of SEKSI and post it to our site.

We are throwing out the old and creating the NEW perception of "What is SEKSI?"

Upload your **family-friendly picture** to **DefiningSEKSI.com**. We will announce our decision on "What is SEKSI?" at the end of the promotion.

SEKSI is the essence of who you are....unique in all ways. It's a state of being. The new cool is simple, **Be You, Be SEKSI.**

Your body will thank you!
